

THE DANCING HALL

Subject teacher: Mrs Rapodile

The Dining Hall. I love everything about it, from the food, the utensils and the ladies that are working there. The meals that we get from the dining hall are very healthy because we get fruits and they put also vegetables in the food we eat. That utensils that we use in the dining hall are very clean, also the place is clean you don't even think about germs while eating. Because it is a protected place you don't feel afraid when you're in there you feel safe. Even the place is so clean when we get in to eat.

The food in the dining hall that we eat is so healthy it gives you energy and in the morning there is porridge. Learners at the school can eat, everybody is welcomed whether you are rich or poor. The dining hall has changed our lives we are able to save money and for those who don't have lunch don't have to worry because they are at school, our parents can now stop stressing about money when they don't have ~~it~~. Other parents would borrow money then they'd put themselves in big debts of money.

They even teach us about table manners - how should you eat, that you don't have to talk while eating.

The Dining Hall has changed our ~~behavior~~ lives
